Release Notes

cloe.js.gz

nexus.jar 2.20.03

mint.jar 1.22.03

pacsoology.jar 1.17.06

pjk.jar 1.15.10

(Released 05/08/2020)

Task Manager

Fixed a config issue with the List based CMOVE controller.

HTTP URL Connection

Initialise the HTTP and USER objects in the app container if they haven't been created in the launching html file.

Fixed an issue with IE in that if the timeout is set on a HTTP connection before being opened, it would cause an "initial state" error in the browser.

See individual library release notes for more details.
